It's an old saying that you should dream of what you want to achieve in life. Dreams are a direct way to success. Though sometimes dreams get shattered also but it does not mean you should stop dreaming. To look like celebrity is a dream for an ordinary woman and she can fulfill it. To look like celebrity means to dress up like celebrity. Does it also mean to have bank balance like celebrity? No, it's not so. Celebrity appearance does not need high bank balance. Instead for oozing the same style you have to follow some simple fashion tips. These tips will help you out to show the same panache in your clothing, which celebs display. Tips regarding celebrity inspired dresses include:

- High Quality Fabric Clothes
- Fabric is a classic way of telling what your taste is? Before everything else you should look for quality fabric. First glance on the attire tells whether the fabric chosen is cheap or of superior quality. Actual show of the dress comes out only if fabric is rich and that's what celebrities first look for.
- Go For Classic Dresses**
- One common mistake, which many women do, is they run after trendy dresses. But rather they should opt for classic dresses. Class of dress brings out celebrity feel not vogueishness. Wardrobe should be a home of classic dresses as these dresses get much applause also. It's good to have closet containing few expensive dresses than many inexpensive cheap dresses. Renowns also follow the same standards.
- Choose Basic Color Dresses**
- There are some basic colors that look good on all skin tones, build your wardrobe on their basis. These colors flatter you at any place. Black, brown, gray are some of them. Simply filling your wardrobe with too many color dresses will take into confusion what to wear? You can make many combinations with few types of clothing.
- Add Interest With Accessories**
- Sometimes accessories are enough to get a celebrity look rather than dresses. As if you cannot afford high-class dress than a designer handbag is enough to show that you have style. They are a very important part of your wardrobe. They have the power to take you from daytime lunch to evening party in the same dress. Thus add versatility to your wardrobe with accessories. Even many times celebrities adorn them with stylish accessories over simple dresses.
- Make sure dress fits you nicely**
- What is the commonest thing in all celebrities? Have you ever taken notice? It's their radiating confidence and charm. Though it is in-built but one more important reason is well fitting of clothes. Your dress should fit you well to look like a celebrity.

To look like celebrity does not mean what they have worn in the last red carpet event you have to wear the same but it means to wear something that give you classy look. Now you can transcript the style of your favorite celeb by wearing the same style dress, along with watching them on the television. Try these tips and turn your dream into reality.
